### RELIABLE

**SlenderTec™**  
Super Strength Column Made in Germany

### SOLID

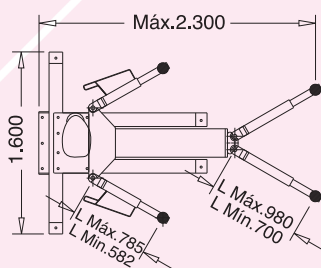

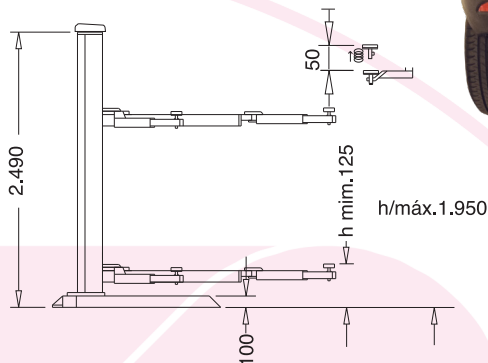

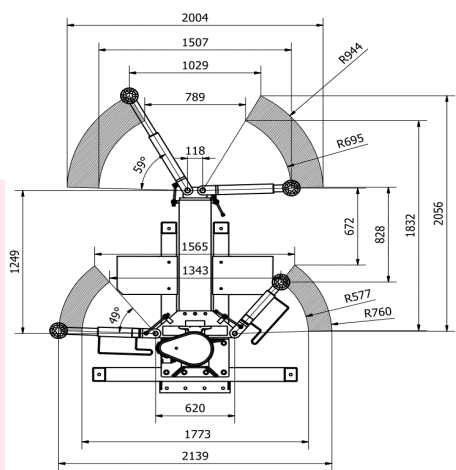

### NON DEFORMABLE

Made in Germany

Ours special profiles  
**SlenderTec™**  
Super Strength Column Made in Germany  
hot rolled, allows us to  
manufacture extremely  
**resistant and less bulky**  
posts.

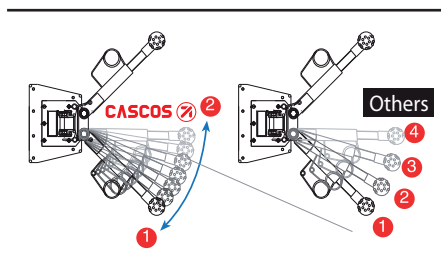

## Reversibility

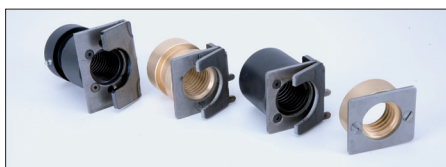

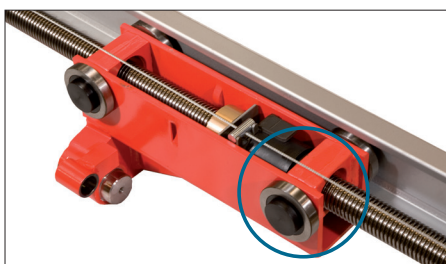

✓ **Exclusive details**

Our safety locks mechanism, via spindle rod, unlike the cog type, allows universal positioning of pick-up points.

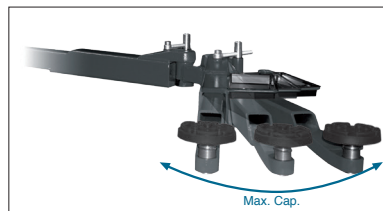

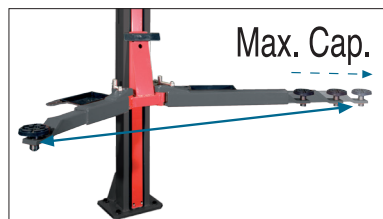

High quality guided steel bearings offer longer durability than nylon guides.

The biggest diameter spindle on the market and high quality nuts offer:

- Less wear.
- Longer lasting life.

**Maximum APPROVED load**  
In any position!

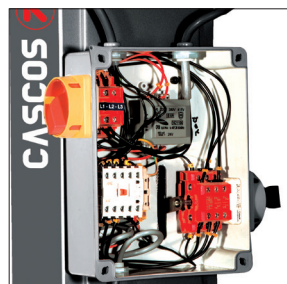

Our lifts, against the others from our main competitors, can lift the maximum load at:

- Any opening angle.
- Any arm extension.

**Variator kit:**

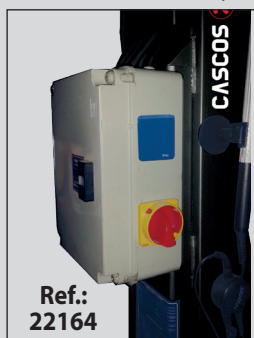

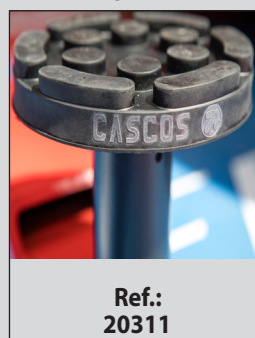

Transforms a 3Ph-380V lift into a 1Ph-220V.

The lift maintains its full lifting capacity.

**Maximum reliability,**  
mechanical and electrical.

CASCOS has floor fasteners for your lifts.

**Accessories****Magnetic holder for tools****Magnetic air Kit****Integrated power plug (Assembled in factory)****Original spare part****Optional support**
