

Ref.					
13998	5,500 Kg.	1,300 Kg.	110 mm.	400 V. 3+3kW	40"

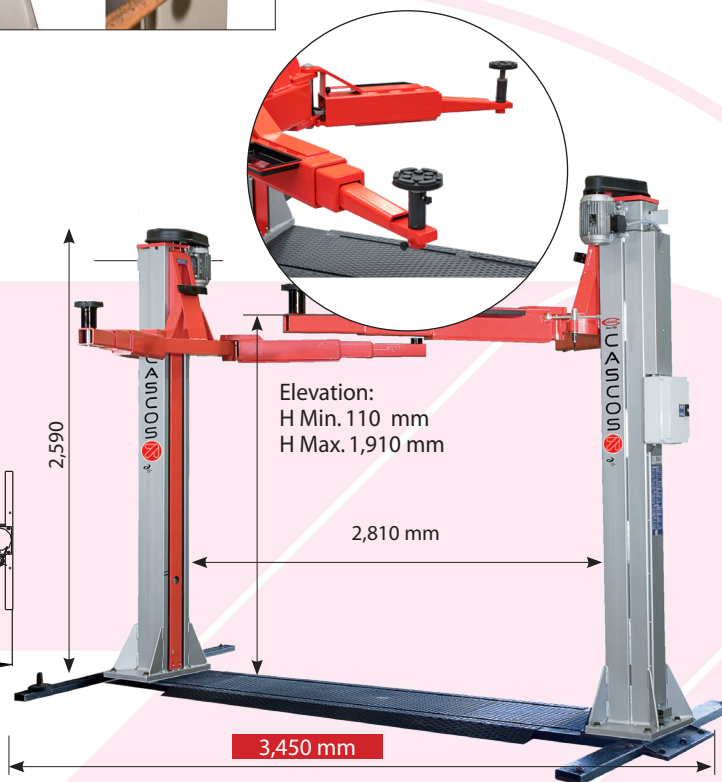

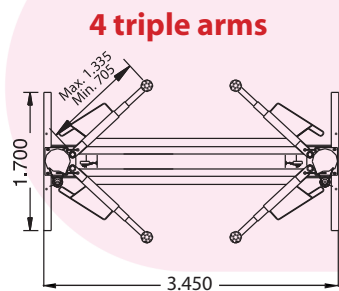

Ours special profiles
SlenderTec™
Super Strength Column Made in Germany
allows us to
manufacture
extremely **resistant**
and **less bulky** posts.

 **Maximum load
APPROVED**
In any position!

NEW MODEL + FEATURES

- Minimum height only 110 mm.
- Larger lifting capacity 5,500 kg.
- More versatility: SUVs, 4x4, vans ...

CASCOS lifts, against the others from our main competitors, can lift the **maximum load at:**

- Any opening angle..
- Arm extension..

- **Greater workspace** between post (2,810).
- More workshop space: **minor outer space** (3,450).

Reversibility

Symmetric lifting arms means **vehicles can be driven on in either direction**, making it much more versatile.

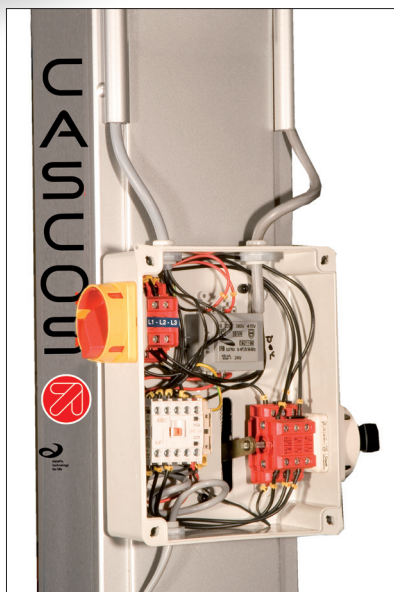

Major versatility

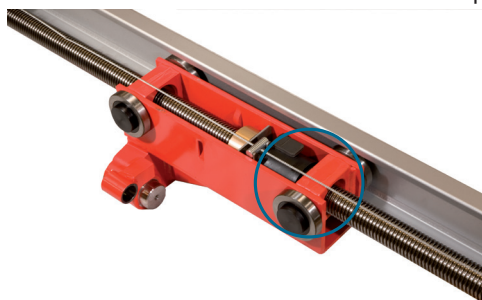

Ref. 13998

2 POST LIFTS C 5.5 WITH BASE

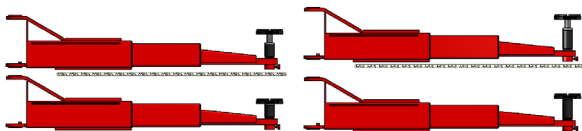

The design of the mechanical and electrical systems of our lifts makes them **reliable, strong** and **simple**.

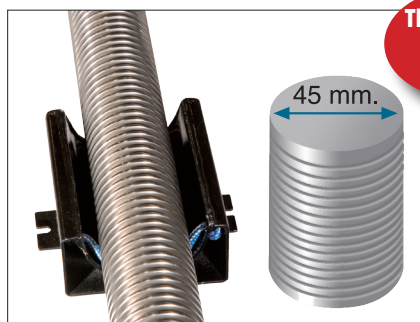

High quality guided steel bearings offer longer durability than nylon guides.

Serial pads kit 60 y 100 mm.

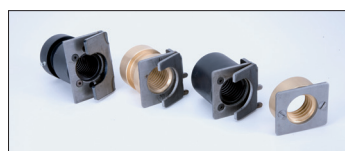

The biggest on the market

The biggest diameter spindle on the market and high quality nuts offer:

- Less wear.
- Longer lasting life.

Exclusive details:

- Tool trays.
- Rubber protections on post for safe door opening.

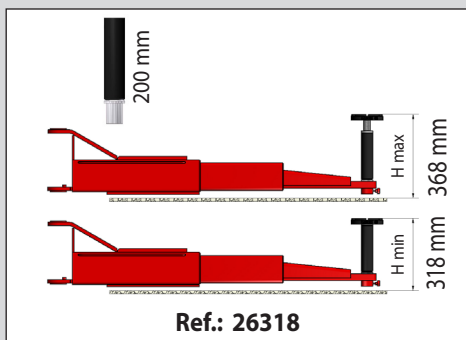

Great space between posts, perfect door opening to enter/exit .
